Keeping Current: A Timely Trial Toolbox

NHACDL's Fall 2013 CLE will be held October 18 at the Holiday Inn in Concord, NH

Registration will begin at 8 a.m. and the CLE will start promptly at 8:30 a.m. Lunch is on your own – bring a bag lunch or take a walk downtown to one of the many local restaurants.

Written materials will be provided via email link in advance of the CLE. You can print what you want, download them to your computer or tablet and save them for future reference.

Speakers and topics include:

Ten Objections You WILL Make at Trial by John Durkin and Chuck Keefe

This section will provide an update and some reminders about core criminal defense objections and provide a few tricks of the trade that you may not have tried yet. John Durkin's bio can be found [HERE](#). Chuck Keefe's bio can be found [HERE](#).

Make the Cloud Rain: Getting documents from Google, EZPass, Verizon, etc. by Andy Schulman

There is an increasing need to discover information held by corporations and communications networks. Learn how to get this stuff, which is often protected and not easy to come by. Andy Schulman's bio can be found [HERE](#).

Ethical Issues and Effective Assistance of Counsel in Plea Bargaining by Richard Guerriero and Gary Apfel

Negotiating pleas is a big part of being a trial lawyer. This session will help you sort through ethical issues that can arise and help you be as effective as possible. Gary Apfel's bio can be found [HERE](#). And Richard Guerriero's bio is [HERE](#).

St. v. Laurie: Then and Now by Jim Moir

Laurie is not a new case, but its history helps one to understand its application. There has also been a lot of recent media attention and some recent litigation over the way the state is applying (or failing to apply) the dictates of Laurie. Jim Moir has been involved since day 1. His bio is [HERE](#).

Traffic Accident Reconstruction: From Skid Marks to Lasers by Chip Johnston

This section will provide an overview of what a TAR expert can tell you about your alleged crime scene. There is new technology available that can be used in TAR cases and other contexts as well. Presenter Chip Johnson's bio is **HERE**.

Computer Forensics: Images and Integrity by Fred Lane

An understanding of computer forensics is crucial in many modern cases. Child pornography prosecutions are on the rise and most of the charges are generated via computer. This segment will assist you in asking the right questions to get started on one of these cases and ensuring that your client is not wrongly accused. Fred Lane's bio is [HERE](#).
